Animal Muzzles.
Animals of the cat tribe are distinguished by their short and round muzzles, in contrast with the long and sharp muzzles of those of the dog tribe.

The Unattainable.
Columbus discovered America in 1492. Thereafter the efforts of mankind were concentrated upon discovering the North pole and a cure for colds. The North pole eventually was discovered. — Louisville Courier-Journal.

Avoid Breaking Friendship.
A friend whom you have been gulping during your whole life you ought not to be displeased with in a moment. A stone is many years becoming a ruby; take care that you do not destroy it in an instant against another stone. — Saadi.

Honey Mentioned in Bible.
There are references to honey in the Bible, in the sacred books of the Hindus and in the Koran. In the Far East new honey has for ages been esteemed as a laxative and old honey as an astringent. Honey was one of the materials which the Egyptians used in embalming, and others of the ancients used it as a food preservative. There was a considerable traffic in bird's eggs and eggs packed in honey were shipped long journeys.

Notice To Contractors.

They Love to Do Their Duty.
An English clergyman has declared that it is woman's duty to dress just as well as she can afford. We have yet to meet a woman who is lax in her duty in this regard.

Court Plaster.
Court plaster is so called because it was originally applied by ladies of the court as patches on the face. It is made of silk, varnished with a solution of isinglass.

The Weight of a Signature.
As a part of the equipment of a mint, scales are made so fine that they will show the difference in weight between two absolutely identical pieces of paper, one of which contains a signature and the other does not. Luckily, the weight a man carries in this world does not depend on the weight of his signature, or such balances would have a boom.
